

Stoke-on-Trent
SEND Information, Advice and Support Service
(SENDIASS)
Steering Group

Would you like to help to drive the
SEND Information, Advice and Support Service forwards?

We are looking for parents/carers of children or young people with special educational needs and/or disabilities to help us to improve the service that we offer to parents/young people.

Our Steering Group meets three times a year to discuss how the SEND Information, Advice and Support Service is performing in supporting parents/carers of children and young people with special educational needs and/or disabilities. Your views help us to identify areas for development for the future.

Your views would help to steer the service towards providing the guidance that parents/carers and young people need and want.

The next Steering Group meeting is to be held on:

Wednesday 8th June 2016

10.30am - 12.30 noon

at

The Mount Education Support Centre,
Mount Avenue, Penkhull, ST4 7JU.
